

Exclusive customs partner for Landqart AG:  
Gerlach AG Switzerland

Dear Supplier,

Landqart AG has decided to nominate Gerlach AG as the exclusive customs service partner for inbound customs declaration handling. This note applies to you only if you organise the shipment to us and if you do not deliver based on Incoterms DDP.

To ensure a smooth flow of customs clearance, we would like to ask you, as our business partner, to declare all future deliveries to us, via Gerlach AG Switzerland.

**Gerlach AG is located at all border customs in Switzerland, that are approved for commercial customs handling.**

This puts you into a favorable position to choose any customs border crossing into Switzerland (approved for commercial goods), which should be very helpful for you or your forwarding partner.

All contact persons of the 23 branch offices as well as telephone numbers, email addresses and opening hours can also be found in this document or at [www.gerlachcs.ch](http://www.gerlachcs.ch).

Additionally, Gerlach has provided all customs office codes foreign and Swiss for all crossing, applicable.

Please be aware that **all required documents must be provided electronically to the intended Gerlach Office, prior to your goods arriving there**. If that is not assured, an extended waiting time for the drivers has to be expected. In case the declaration process has been started with one Gerlach office, the border crossing can still be changed on short notice. In that case, the driver will need to declare, at which Gerlach office the registration has been made.

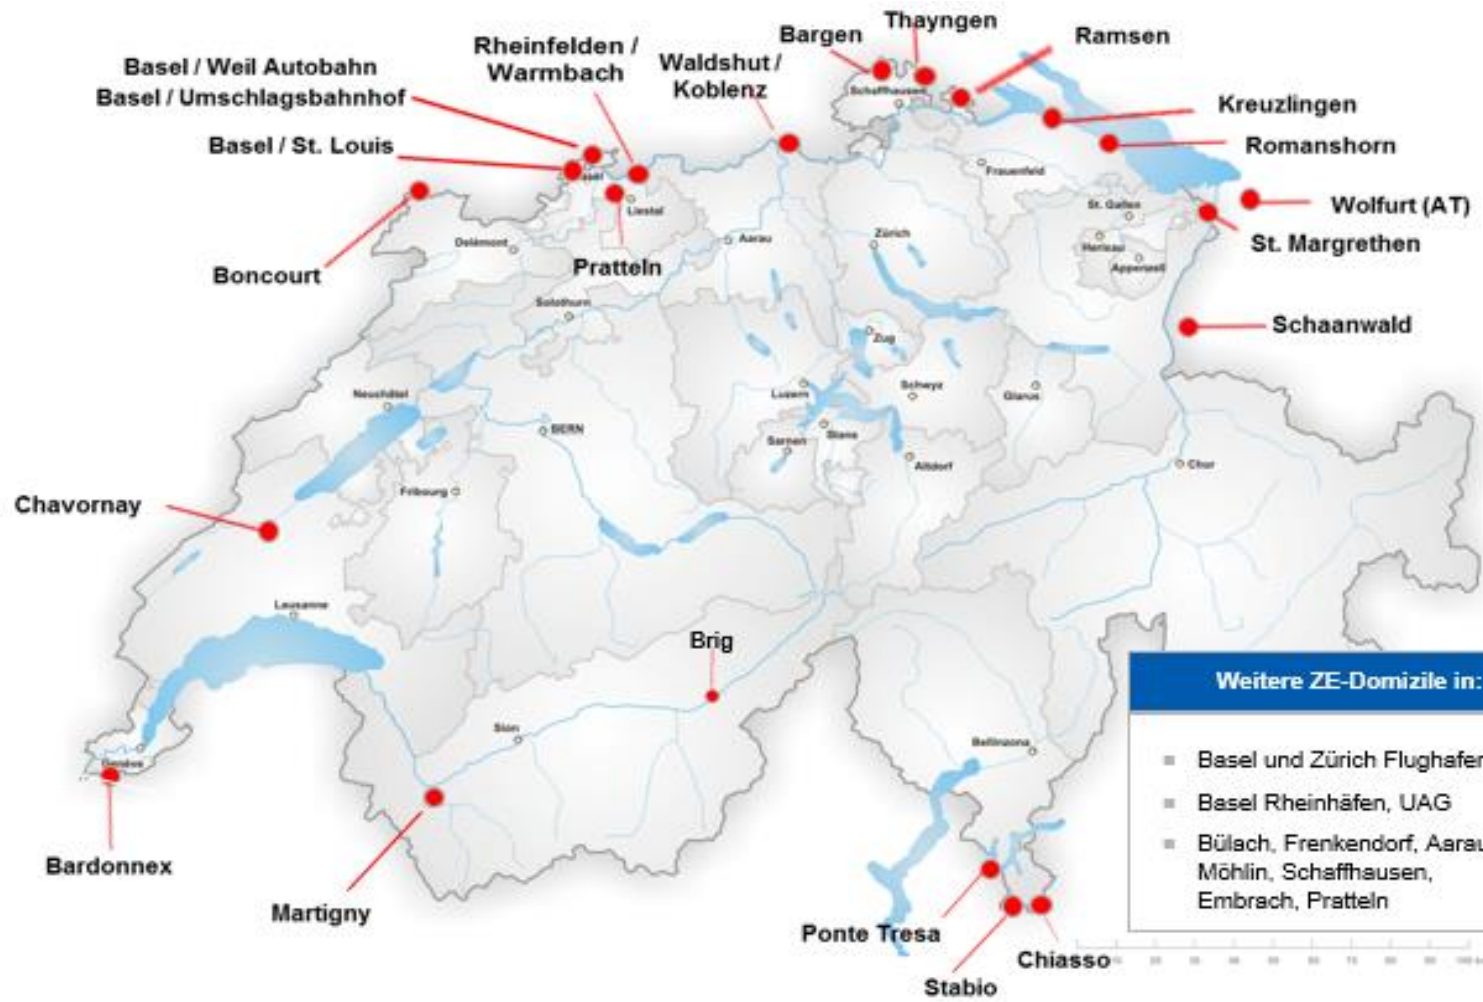

Finally, please note that from now on Landqart will not honor and pay customs declaration charges to any other customs declaration office other than Gerlach AG. This requirement is mandatory for any imports as 1st September 2021. In such a case, your forwarder or whoever authorised such a third party customs agent, will have to settle any cost with the chosen customs agent, directly.

Many thanks for your cooperation.

Kind regards,

Your Purchasing team at Landqart AG

[purchasing@landqart.com](mailto:purchasing@landqart.com)
